FOREWORD

The theme of the 1960 Sunray is "The Challenge of S.H.S." Through pictures of actual school life, we have endeavored to present challenges faced by students each day.

School not only questions a student's ability to retain history dates, but it also challenges his ability to get along well with others. Maintaining school spirit when things seem low depicts another kind of challenge. Extra-curricular activities constitute a part of every student's school life. These activities challenge a student's ability to maintain good grades and still remain active in club work.

The annual staff hopes that this yearbook will be a constant reminder to meet your challenges to the best of your ability. May the 1960 Sunray be a treasured book in your personal library.

Student Council is an organization of and for the students. It is maintained to encourage honesty, helpfulness, and co-operation between the students and faculty of the school.

The newly formed Student Council presents a challenge to the students of S. H. S.

DEDICATION

With affection and admiration, the Seniors dedicate the 1960 Sunray to Mr. and Mrs. V. F. Hoggard.

Their devoted service beyond the call of duty, their smiles that penetrate the hearts of all the students, and their school spirit are all factors that make this wonderful couple dear to the hearts of all S. H. S. students.

William H. Skarren
Principal

To those people who have made this book possible, we offer thanks for a job well done. We know that each of us will treasure this memento of playing, working, learning and growing together this year. It is our hope that each student here has been stimulated and developed to make creditable contributions to the community and to mankind.
